

WELCOME TO HISTORIC TREASURE ISLAND

The Friends of Treasure Island (FTI) a 501c3 organization and the Treasure Island Camp Staff (TICS) both all-volunteer organizations, wants you to enjoy your weekend with us. If you have questions or need anything, please ask one of the TICS and we will do our best to accommodate. **WE HIGHLY RECOMMEND YOU PACK AS IF THIS IS A BACKPACKING TRIP. MOVING HIGH VOLUMES OF GEAR TAKES TIME AND SLOWS DOWN THE CHECK-IN PROCESS.**

DIRECTIONS:

1. From South: As you head north from Point Pleasant, PA (about 3.5 miles) on River Road (Rt 32) along the Delaware Canal, you will come to the uphill south driveway of our main parking lot on the left. There will be orange cones and burning tiki torches to mark the entrance to the driveway. If you get to the Ranger House, you have gone too far. If you go by the Ranger House, turn around in the Delaware Canal Park parking lot and go back to the driveway.
2. From North: As you head south from Frenchtown, NJ, bridge (about 4.1 miles) on River Road (Rt 32) along the Delaware Canal, you will come to the north driveway of the Ranger House. You DO NOT enter here. Proceed by the Ranger House and turn into the uphill south driveway of our main parking lot on the right. There will be orange cones and burning tiki torches to mark the entrance to the driveway.

FTI PROGRAM:

We offer a mini-summer camp program during your weekend. In fact, there is so much to do and see you have to plan your activities to reduce scheduling conflicts.

The 10AM and 2PM Conundrum. We have multiple program opportunities that kick off at 10AM and again at 2PM. Make sure you don't schedule your group to do archery and canoeing at 10AM and 2PM respectively or you will miss out on other program opportunities happening at the same time. ***The FTI Fieldcraft Academy, Scouting Heritage Merit Badge, and special program offerings from Subject Matter Experts generally start at 10 AM and again at 2 PM.***

Subject Matter Experts (SMEs) Program: We try to get SMEs to come to TI and do informative and interactive presentations. If you are lucky enough to be camping when this program is available, you may have the chance to experience a Lenape or other living history presentation by reenactors portraying the lives and displaying the gear of military service members from the Revolutionary War through World War II. ***This program is not available every weekend.*** Details announced during the Friday Night Leaders Meeting.

Additional conservation hours not listed on the camp schedule are available. You determine how many hours you want to put into the project. Please coordinate with the TICS and we will work with you to fill your need. Our highly skilled foresters work with your youth to explain and teach about why the project is important so the project is much more than just work. Materials and tools are on site unless we put out a request for special tools. Boots for conservation and service projects as MUST. Bring work gloves and all the energy you can muster.

GAGA Pit: Gaga is a fast paced, high energy sport played in an octagonal pit. The more players the better! Dubbed a kinder gentler version of dodge ball, the game is played with a soft foam ball, and combines the skills of dodging, striking, running, and jumping, while trying to hit opponents with a ball below the knees. Players need to keep moving to avoid getting hit by the ball. Fun and easy, everyone gets a serious workout.

Rules of Gaga Ball: It's super simple. Basically, we throw a bunch of players and a ball in a pit. Turn up the music, everyone for him/herself; if the ball touches you below the knee, you're out. The last one in the pit wins. Then, everyone hops back in for the next round. Games last no more than five minutes. It's fast, it's sweaty, and it's really addictive. As soon as you get out, you can't wait to hop back in. That's why they're all talking about it!

“TI is like a trip to heaven without die’n”. Butts MacMillan

The official game rules of The Gaga Pit:

- All players start with one hand touching a wall of the pit.
- The game begins with a referee throwing the ball into the center of the pit.
- When the ball enters the pit, the players scream 'GA' for the first two bounces, and 'GO' on the third bounce, after which the ball is in action.
- Once the ball is in play, any player can hit the ball with an open or closed hand.
- If a ball touches a player below the knee (even if the player hits himself or herself) he or she is out and leaves the pit. If a player is hit above the knees, the play continues.
- If a ball is caught on a fly, the player who hit the ball is out.
- Using the walls of the octagon to aid in jumping is legal as long as the player does not permanently sit on the ledge of the octagon.
- Players cannot hold the ball.
- If needed, a second ball can be thrown in the pit to expedite the end of the game. The last player standing is the winner of that round.

SATURDAY NIGHT FUN CAMPFIRE: A camp wide campfire is held every Saturday evening. Attendance and participation are highly recommended. This is the icing on the cake for your weekend. The campfire is an experience you will never forget with skits and songs from campers and staff. Fun, fellowship, and an all-out good time. **Held rain or shine! If rain the location is the Dining Hall.**

SELF-GUIDED TOUR: Books for a self-guided tour are available on request in the Ridge Trading Post. The TICS cannot take groups on tours unless time and work schedule permits.

FTI VOLUNTEER CAMPAIGN AND RECOGNITION PROGRAM CRITERIA (See ANNEX 4: SERVICE) FTI encourages all youth and adults who camp on historic Treasure Island to dedicate a portion of their time toward service or conservation projects. FTI implemented a recognition program to honor the service rendered to restore and maintain Treasure Island. FTI, and the camping group track hours.

IMPORTANT INFORMATION: FTI makes your weekend possible with volunteers and money donated from our supporters. To keep the minimal costs we charge you low and to help us defray the costs of supplies please consider becoming a member of FTI or by making a monetary or gift-in-kind donation.

FTI MEMBERSHIP INFORMATION: (See ANNEX 5: FTI MEMBERSHIP FORM) Please consider joining so we can continue to offer these free camping weekends.

JOIN THE TREASURE ISLAND CAMP STAFF (TICS): We need more dedicated volunteers to join the TICS. **Without a staff we will not be able to run our expanding program for a future generation.**

To become a member of the all-volunteer, **weekend** Treasure Island Camp Staff (TICS) you must apply and be accepted.

The TICS:

- Manages and supports activities during weekend functions.
- Commits to staffing selected **weekends** as a requirement for membership.
- Commits to cross training in order to create a high performing staff.

The TICS core competencies include:

- Operate and staff camp during events, camping **weekends**, and other activity weekends.
- Provides camp facilities management, leadership, and support of **weekend** operations.
- Provides, when required, leadership to conservation / service projects, and program management staff.

The TICS is a great opportunity to serve on historic Treasure Island. YOU can be a part of the magic and, “the rebirth of a national treasure”. If this is something that you want to do apply today to join our team. Talk to our Camp Director, Nate, or Program Director Anthony (JT) for an application or more details. Nate: nathanb@friendsoftreasureisland.org Anthony: alorenzoni@comcast.net

FTI Camper Satisfaction Survey (See ANNEX 6: FTI CAMPER SATISFACTION SURVEY): Our staff is dedicated to making sure your stay with us is a mountain top experience. To that end we want to deal with any issues or questions you or any member of your camping group has before you leave TI. It’s hard to make corrections once you leave and we read about something we could have fixed while you were on the island. Please bring any criticisms or complaints to our attention immediately so that we can explain ourselves or correct the issue. Some things may be impossible to resolve but at least give us the chance. If issues are brought up in the post weekend survey without allowing us to provide a reasonable explanation or correction it does little good for those affected at the time. While we may be able to fix the issue for the next camping weekend it is a very time consuming to use email to explain or resolve an issue when a short conversation could clear the air.

HAVE A SAFE JOURNEY HOME: The Friends of Treasure Island hope you had a great weekend! We thank you for all the work you did for the *“Rebirth of a national treasure”* and for camping with us. Please come back soon to camp with us.

FTI Volunteer Service Recognition Program

FTI encourages all youth and adults who camp on historic Treasure Island to dedicate a portion of their time toward a conservation or service project. These projects are not a requirement and never mandatory for no cost camping but we certainly encourage it as you have the opportunity to earn a free patch. FTI implemented a recognition program to honor the service rendered to restore and maintain Treasure Island.

Individual FTI Volunteer Service Recognition Program Criteria:

You must track hours for youth and adults who:

- Complete three (3) hours of service or conservation project time on Treasure Island receive a FTI Volunteer patch.
- Complete ten (10) additional hours and receive a rocker denoting “10 Hours of Service”.
- Complete fifty (50) additional hours and receive a rocker denoting “50 Hours of Service”.
- Complete one hundred (100) additional hours and receive a rocker denoting “100 Hours of Service”.
- Complete five hundred (500) total hours (500 hours = 5 - “100 Hours of Service” rockers) which means you have earned a full round of 100 hour rockers, plus the 63 hours already earned and you are automatically entered as a Lifetime member, and receive a Founder’s patch.

See the Service/Conservation Hours Tracker (Excel Spreadsheet) for information required and format.

Recognition will either be provided at the end of the weekend or shortly thereafter by mail.

Camping Group Service Recognition Program:

Recognition of camping groups providing service on Treasure Island will be via a Service Recognition Board, erected on Treasure Island. This Service Recognition plaque is located in the Ridge Trading Post.:

Tin: 100+ Hours: John Voelker once wrote, “...only in the woods can I find solitude without loneliness; because bourbon out of an old tin cup tastes better out there...” Of course, Treasure Island is an alcohol-free facility, but we cannot help but agree with the sentiment.

Aluminum: 250+ Hours: This is one of the most important metals for camping! We find Aluminum in pots, pans, pack frames, utensils, and even colanders.

Bronze: 500+ Hours: Trophies and challenge coins, plaques, and statues...all of these come in bronze. Are you up to the challenge of 500 hours?

Gold: 750+ Hours: Gold is a metal integral to multiple levels of our society and prized through the ages. The gold stands for warm sunlight, good cheer, and happiness.

Silver: 1,000+ Hours: Silver is also a metal that finds roots in many recognition programs and has been in use for currency all over the world.

Titanium: 1,500+ Hours: Titanium has the highest strength to weight ratio of any metal and used in some of the finest gear for high adventure treks when weight constraints play a vital role in the success and enjoyment of the trip. Treasure Island's rustic setting is the perfect place for a gear shakedown.
